

The Agri-Commodity Management Association (ACMA) is a not-for-profit organization which provides efficient and effective administrative and professional support to the agricultural community in Atlantic Canada. ACMA provides administrative services to nine agricultural commodity organizations as well as administers programs directly to farmers across Atlantic Canada.

At ACMA we work very closely with other industry organizations to provide administrative and advisory services as well as deliver programs directly to farmers across Atlantic Canada. We are currently seeking a summer student to work with our team to conduct research related to industry demographics and activities related to communications like website and social media updates as well as audio and video recording and editing. From time to time, other administrative tasks may be required.

This Canada Summer Jobs position will be 28 hours per week for a period of 10 weeks.
